

Newcastle NUCR Multi-Bay Charging Rack

For PowerSwap Nucleus® Classic & Mini PowerCharge Stations

Keep your batteries topped off and tidy with a specially-made charging rack

Introducing a new space-efficient and convenient way to corral and charge your fleet of Nucleus® batteries anywhere in your facility.

Our customers have spoken, and as a result, the solidly-built NUCR Multi-Bay Charging Rack was created. It was custom designed specifically for holding up to (6) PowerSwap Nucleus® Classic Dual-Bay Charging Stations or up to (12) Mini Charging Stations.

Outstanding benefits

- › Eliminate the need to plug multiple cords into wall/ floor outlets
- › Clean, integrated cable management throughout rack
- › Compact footprint saves valuable floor space
- › Optional mobility caster kit enables rack to be easily moved to ideal charging location

Newcastle NUCR Multi-Bay Charging Rack

For PowerSwap Nucleus® Classic & Mini PowerCharge Stations

Additional product features:

- › Semi-adjustable shelves
- › Integrated cord reel holder
- › Custom mounting holes to securely hold Classic & Mini charge stations in place
- › 12 power outlets (Limit each power strip to 15A)

Accommodates both Classic & Mini charge stations

NUCR-MK OPTIONAL MOBILITY CASTER KIT

- › 5" rugged casters
- › Push handles
